In 1-2 hours your domain will be ready and working. To check if it's redirecting, just type your domain name in URL bar in your browser, if a signup page for dating website will appear – it means that it's working as it should.

Now when you have your shortened link / domain name, you are going to get people to signup under you.

How? On Craigslist.

You're going to create a job offer for online chatters offering them money for chatting on "your website".

This method is always working, I have tried it several times, always with great results.

For every signup using your affiliate link, you will get \$2.

In order to get the most signups, you have to post on Craigslist in many cities/countries.

All countries on Craigslist except USA and Canada, require only your email address. USA and Canadian Craigslist requires phone verification.

I will show you how to post on USA/CA Craigslist without putting your phone number. Many of you (me too) are not USA citizens and don't have USA phone number.

I've discovered a method which always work for such phone verifications, not only for Craigslist, I belive it will be usefull for you.

A screenshot of the Voxox website's SMS verification page. The page has a light blue background with a faint, large, yellowish-green silhouette of a person. At the top left is the Voxox logo, which consists of a red circular icon with a white crescent shape inside, followed by the word "VOXOX" in a bold, black, sans-serif font. Below the logo, the text "SMS Verify" is displayed in a grey, sans-serif font. Underneath that, the instruction "Activate your Voxox account" is written in a smaller, grey font. Further down, a line of text reads "Enter your mobile number to receive an activation code via text message:". Below this text is a form input area. It starts with a dark grey dropdown menu showing "+1" and a small downward arrow. To the right of the dropdown is a large, light grey rectangular input field containing the placeholder text "Your phone number here" in a bold, black font. Below the input field is a red rectangular button with the word "Submit" in white text. The button is highlighted with a black rectangular border.

After that, head over to this page:

CRAIGSLIST TERMS OF USE

Last Updated: February 14, 2012

1. GENERAL

craigslist, Inc. ("CL") provides services through its websites, programs and computer servers, including but not limited to classified advertising, forums, and email forwarding. (All such services are referred to collectively herein as "craigslist.") By accessing or using craigslist, you are a "user" and you accept and agree to the terms below (the "Terms of Use" or "TOU") as a legal contract between you and CL. The TOU include and incorporate additional terms ("guidelines") applicable to particular categories or services available on craigslist as set forth to users upon access to such categories or services. CL may post changes to the TOU at any time, and any such changes will be applicable to all subsequent access to or use of craigslist.

If you do not accept and agree to all provisions of the TOU, now or in the future, you may reject the TOU by immediately terminating all access and use of craigslist, in which case any continuing access or use of craigslist is unauthorized.

You are also required to comply with, and to ensure compliance with, all laws, ordinances and regulations applicable to your activities on craigslist.

craigslist is intended and designed for users 18 years of age and older, and access

Your craigslist user account requires phone verification. Please use the form below to complete this process.

Some phone numbers are not usable for phone verification, including the following:

- phone numbers from outside the United States or Canada
- pre-paid mobile numbers
- toll-free numbers (area codes 800, 877, etc.)
- some VOIP phone numbers

Complete these steps to verify your account:

- select message type and language (default is via voice in English)
- press 'send the code!'
- wait for an automated call or text message containing an authorization code
- enter that code on the next page and press 'submit verification code'

Terms of use violations are subject to account suspension and/or phone number blacklisting.

**Put your
VoxOx number**

Open VoxOx application and login.

Soon you should see this:

Click on the red notification mark,
copy code and put in Craigslist.

That's it, in few minutes your ad will be published in USA Craigslist.

If you want to avoid phone verification, use other Craigslist countries, for example United Kingdom or your country.

After 20-30 minutes, you should get first email regarding your job gig.

Usually it will be something like this: "Hello I am John, I'm 22, I've attached my picture and I'm interested in this job."

To make the process autopilot, you can setup autoresponder in gmail.

Your reply should look like this:

"Hello,

Thanks for your interest. Let me give you the rest of the promotion details. Currently we are offering a \$100 payment for 10 hours of chatting to members of the opposite sex on our new dating site. We are not sure yet if we will need further participation after that. The only hours that will count are from Noon to Midnight EST. Once your account has been designated to a promotional account you will be able to track your online chat-time from your cPanel. Please go to [YOURAFFILIATELINKHERE](#) and setup an account with your profile pic and some personal interests for your profile. Once completed, send me an email saying its complete, make sure to put "Promotion 299" in the subject box so I know your on step two. Give us about 24-72 hours after that so we can designate your profile into a 'promotional' account and you'll be all set to go.

Hope to see you on board soon,

Dennis Blair"

If you will post your job offer in many cities and countries, you will receive a lot of emails regarding it, 90% of them will signup. You can easily make \$50+ per day.

Thank you for reading
