INTRODUCTION:-

So you're finally sick of buying eBooks that promise you 1000s upon 1000s of Bucks for a product that doesn't even realistically make you money at all?

Yes? And so was I. I wasted more than \$200 on buying these sub-par e-books but always failed! I had tried more than 80 methods relating to monetizing but never earned more than 30\$ from them!

I have recently invented this method shown in the following pages and earned more than \$300 in my first week. This method can be used in various ways, so if you build around the original concept you can (and more than likely will) be bringing in a greater amount of funds than others sticking to the basic route. The more effort you put in the better the outcome will be.

This method has never been seen before and if you play your cards right I can guarantee that you will be making a lot of money.

LET'S START:-

Firstly you will join a PPD network called as mega bit load.
www.megabitload.com

After you have registered here the next step is to upload a file here.

After you have uploaded go here:
www.megabitload.com/x/myfiles

Now here you will see the file you have uploaded. The next is to click on "Get Links" button.

After you click on "Get Links" button two links will appear, a download link and a installer link.

Copy the installer link and shorten it with bit.ly.

Now register here:
www.pastebin.com

After registering, create a few Pastes similar to this:

Title:

\$37 Underground Tool – Facebook Bruteforcer for FREE- leaked

Text:

Brand New Bruteforcer coded in C++! Very stable and Extremely Powerful. Have fun with this.

Stats: Size: 2.24 mb
Language: C++
Speed: 22 passwords/sec

Download:

<http://bit.ly/XXX> (Replace this with your link)

I am not responsible for your actions.

Each paste you make will gain like 100-200 views everyday which will make you like 20\$-30\$ daily.

The more creative you are while making the pastes the more you will earn.

If you create like 10-15 pastes (which will take approx 20 mins) then you will be earning 50\$-200\$ Everyday on AUTOPILOT.

Conclusion:-

I hope you've enjoyed Insane Bitcoin. This is the easiest and simplest way to make some good amount of bitcoins online and I can guarantee that you will have success with this method.

To your success.

Aeolus,
