What I am going to describe in the next few pages is probably the easiest CPA method you'll ever come across.

To implement this method you don't need to:

*Have a website

*Have any tech skills

*Spend any money on advertising

*Have any prior experience

*Create videos

*Do SEO

*Generate sales

In short, this is the simplest moneymaking technique you'll find online. You can implement it with just 45 minutes work a day and it is massively scalable.

First, let's discuss the concept behind this method...

Tens of millions of people from all over the world search for coupons, gifts, freebies, sweepstakes or surveys online. These people are looking for free items, coupons, discounts, freebies, free samples, sweepstakes and survey opportunities to make (or save) a little bit of extra income in their spare time.

The companies and marketers that have understood the mindset of this audience and have provided what they want, have made fortunes for themselves.

There are several freebie sites that offer their members to earn cash, gift cards or popular gadgets(like iPhone, Pad, Gaming consoles, LCD TVs and digital cameras) in exchange of completing CPA offers, and they make tons and tons of money

I know at least 5 such sites that are making \$10 million plus a year using this model.

Just think how much money you would make if you can present your CPA offers directly before this audience, when they are actively searching for ways to get some kind of hot gadget/coupon/gift card etc!

In this guide, you'll learn what are the favorite hangouts of these prospects, where to find high paying, high converting offers, how to construct your promotional message and how to generate optimum results from your efforts.

Without wasting any time let's get started right away...

To implement this method, you'll need a CPA account... Don't worry, I have found a very reputed CPA network where you'll get accepted even without having a website and without a phone interview.

Yes, I am talking about <u>AdWorkMedia.com</u>. This is a new CPA network and they are quite lenient with their approval process.

Here is how to get approved by them:

1)Go to <u>AdWorkMedia.com</u>, click on the "Publishers" link , then click the "Sign Up Now" button and fill out the form.

2) While filling out the form, choose "PPC/PPV/Display" in your promotion methods and "No" for incentive traffic.

Next is the question "How did you find us?"...Fill out something like "Friend" or "Affiliate Marketing Forum" or "AffPaying.com".

Next they ask about your "Current Networks". You can tell them that you are working with Peerfly, Maxbounty, Neverblue or any other well known CPA network.

If somehow you don't get an approval email from them within two days, add "AWMdennis" on your Skype contacts and let him know about your application.

Once accepted, you'll be able to see the wide variety of offers and get your affiliate links. Here is how to get your affiliate link for the highest converting offers:

Just click on the "Top US Campaigns" or "Top International Campaigns" tab and you'll see all the top performing offers.

Click on any offer link and you'll see details like this:

If you are approved for the offer, you'll see the "Approval Status" as "Approved" and will be able to get the affiliate link and banners

Just click on the "Request Approval" link and fill out the form like this:

It should get you approved in just a few minutes (on working days). Sometimes the approval may take more time so please be patient.

However if your request is not approved within a couple of hours, contact Dennis and let him know that you'll be using freebie/coupon forums to promote that offer.

Let's now implement our method...

For quick cash generation, we'll be promoting coupon/freebie related offers. There are dozens of such offers in <u>AdWorkMedia</u>. To find these offers:

1)Login to your account

2)Hover your mouse over the "Campaigns" tab and then over "All Campaigns".Now click on the "Email Submits" and "Surveys&Freebies" link

There are many gift card/coupon related offers (including a lot of international offers too) in the "Email Submits" section that pay between \$1-\$3.5 per lead. These are perfect for our method.

Millions of people from all around the world search for coupons/gift cards online and with proper placement of your offers among these people, you can easily make a killing.

Coupon and freebie related forums are the favorite hangouts of these people. So what we'll be doing is search for 'coupon forum".

There are over 76 million results for "Coupon Forum". Let's visit the first link <u>http://CouponForum.com</u>

From the no. of posts you can see that this is an established site and gets a lot of traffic. They have a special section for "Online Coupons and Deals"

This section is a lead goldmine for us. Under this section, you can promote CPA offers related to freebies, deals, coupons and gift cards, contests, games and sweepstakes etc.

How To Structure Your Posts To Generate Maximum Attention:

This is the "make or break" part of the whole exercise. Like with any other method you need to write your posts in such a way that they get maximum attention from your prospects and convert that traffic into leads.

Forums are essentially places for social interaction and you are likely to see much greater success if other users perceive you as one amongst them (than as an affiliate marketer desperately trying to push his offers).

Once you register at some of these forums (I would advise you to register at 30-50 of them. Use Roboform or other form fill up software for quick registrations),wait for 5-7 days before you promote anything(if you start posting your affiliate offers right away, they may delete your posts or even ban you from the forum).In this duration try to contribute as much as you can. Participate in discussions and build your post count to at least 15 posts.

Once you have built some reputation, create a new thread, letting others know about your free CPA offer.

How To Insert Your Affiliate Links:

This is very important. You should never post naked affiliate links as this will invite a prompt deletion of your posts.

Instead use the hyperlinking feature. Here is how to create a hyperlink:

Just highlight the word (left click and move your cursor over the word) where you want to insert your affiliate link

A pop-up will appear. Insert your affiliate link in the box as shown below:

Hit the "OK" button and post your thread.

Here is how a well-balanced post would look like:

"Yesterday I came across this site where they are giving away \$1000 VISA gift cards. You can use these cards at any major online or offline retailer.

To get your free \$1000 gift card, just go HERE [insert your affiliate link in the hyperlink format] and follow the instructions. You'll be able to get your gift card immediately. I got mine yesterday.

This offer is expiring soon so take advantage of it right away."

That's all...Now copy the post and paste it on other forums too (I generally post an offer on 40-50 forums).

By posting on 40-50 forums, you can expect to get several hundred (even thousands) visitors to your CPA offer every day(till your posts get buried in the heap of newer posts).

The traffic from these forums converts very heavily(you can expect conversions of over 10% for email submits) and depending on how many offers you post in a day(and how many forums you post them on),you can expect to make several hundred dollars a day in CPA commissions.

Now you have a plan of attack to take leverage from the enormous amount of traffic these forums get and instantly convert it into CPA commissions.

These forums should provide you with enough traffic to make \$500 and more a day on your own. There are thousands of high traffic coupon forums and with 3-4 outsourcers, you can easily scale it up to generate \$1,000+ a day.

Expanding Your Reach and Getting More Traffic:

Another excellent place to promote these offers are "freebie forums". These forums are also thronged by millions of people. A quick search for "freebie forum" returns over 5.6 million results:

EvanC's eBook Suite

By posting about your offers in such forums, you can expect to add several hundred dollars a day extra in your income.

Just follow the procedure described above (for coupon forums) to siphon massive amounts of traffic from these forums to your CPA offers and generate huge commissions for free.

Now you have everything that you need to make \$500/day or more with this method. Start small, build your reputation and then scale up big(you can hire a few VAs for this purpose).

In the past one month, I have made over \$2,000 with this method alone. The most I have made in a day with it is \$350 and I am certain that anyone with a couple of outsources and a bit more dedication will be able to generate much more a month.

Just take action on the steps described above and secure five figures a month income for yourself.

This next method is shown using a North America Only Site, but can be done with any cheap item/bidding website.

Arbitrage:

The practice of taking advantage of a price difference between two or more markets: striking a combination of matching deals that capitalize upon the imbalance, the profit being the difference between the market prices.

As an Economics Student, I learned about the process of arbitrage on a Macroeconomic level. A great example of this is the goods and services exchange market between the U.S. and China. That is, U.S. companies buy items from China, and resell them back here in the U.S. for large profits. This is why the U.S. has a lower GNP (Gross National Product) than China, but a higher GDP (Gross Domestic Product) after taking account for inflation. This is when I asked myself, If the U.S. can do this on a Macro level, why can't I do this on a Micro level?

Well I can, and enough of me boring you.

So how can I do this from my computer? Well, that is specifically what this eBook will show you how to do.

Getting the Items

You will be getting the intermediary Items from BestBuy, meaning these are the items you will buy for low, then after sell for high. You will buy these Items for 50% - 70% of what they are worth.

To start, go Here.

https://bestbuy.dtdeals.com/auction/index.cfm?p=12

Now go to Option 3.

And put your email where it says email address.

Now here's where it gets tricky. For "Best Buy Employee Number" Put in A0059, then 2 random numbers.

For example-
A005945
A005965
A005988
A005969
A005923
A005934

As long as it's A0059XX (The "XX" being 2 random numbers), you should be golden. Here's mine.

Email Address:	youremailhere@hotmail.cu	
Best Buy Employee Number: (ex. A005987)	A005945	Submit

If you do this correctly, this will come up.

Simply do what it says, check your email and click on the link. You will be taken to a login page. Simply enter your email and the temporary password they provide you in the email. Next you will be taken to a page that looks like this.

The "Buy It Now" is \$483 + \$6.99 Shipping. So the maximum price this iPad will be is \$489.99. If you wait and bid it out, it could even be cheaper.

Now let's see how much a used 3rd gen iPad with 64gb is in other markets.

I am selling a used New iPad 3rd Gen 64gb (AT&T 4G) Black model. I have all the original accessories and also a clear screen protector which I will include. I paid close to \$900 dollars (\$830 + NY tax) last March. I'll even show you the receipt. I still smells new. Trust me. It does not have any AT&T service on it at the current time.

It is NOT UNLOCKED

I'll also throw a new Poetic iPad Black Strapback case (free of charge). <u>http://www.yourpoetic.com/p/148/strapback</u>

The condition is near MINT and has been in a case since day 1.

Pay in cash and in person. Must meet locally in the midtown, preferably in a Starbucks.

If you e-mail me asking if it's still available with no contact information, I will assume you're spam, and I won't respond. Please include your name and number. I will ignore all low ballers and scammers. i am not replying back to ppl who email is it still available. If the post is up, then it is still available. I am not shipping this item anywhere (no europe or africa scams). I will ignore all "I want to buy this for my son's late birthday gift" emails. Lastly, NO TRADES!!!

NOTE: Even though your followers aren't actual people, it doesn't matter because the buyers are paying for the XX,000 amount of followers to see the tweet and they won't know that some of them

aren't active. This is why the niche is so good, everyone wins.

This will pop up and now your tweets will be able to be bought from the site itself. This is where it becomes autopilot.

Your Pay4Tweet link is: http://www.pay4tweet.com/buy.php?r=14934 Twitter Account: funnyjokeslol12 Price: \$1.00 Paypal Email: commandersalmon@hotmail.com

To maximize revenue, put this in your twitter bio

From here, it is pretty much autopilot. Check your email to make sure people are satisfied with their tweets going through and to make sure your cash is being moved to your PayPal.

Instagram/Photo Sharing

Method #2

The first thing you will want to do is make an instagram or any other picture sharing social website account (I prefer instagram to be honest). Make a new account on whatever site you would like to use and don't use your actual one. Make the name look like an official camera company or photo company, such as "cannon_performance_shots"

Log in, then put some good pictures of nature or professional looking photos onto your photo stream or wall. You can fabricate lots of likes on each by commenting these hashtags on each picture: (feel free to copy and paste these)

#instagood #photooftheday #party
#instamood #igers #pictureoftheday
#instadaily #best #followme
#webstagram #follow #photo
#likeforlike #l4l #followforfollow
#botd #like#iphoneonly #instalike
#instafollow.

After you comment on your picture, wait 1-2 minutes then delete it.

You should have lots of people starting to like your photos.

On average I acquire 5-20 likes per minute of leaving the Hashtags commented, so delete it when you feel ready.

Now with all of your pictures and likes, you are ready to start this niche.

Again, make sure it looks professional.

Go to a section or if your using instagram, head to #botd or #pictureoftheday and find an amateur who has a good picture. Comment on it and say something along the lines of "hey great picture!

josh left a comment on your photo: Great shot! Excited to see the photos from this weekend's hashtag project!

Then let them comment something back like "Your talents could be used working on Photography!" They should then reply "Really sounds interesting"...

Then say back, "If you really are serious about uploading professional looking pictures, would you fill out an eApplication for me?

Then let them respond to that...

In the meantime, go to your PPD network and upload a file called "Job Application" I used FileFlare for my example because it's easy to use and user friendly

This is the Application for the position of co- owner and cashier. Please complete a survay to prove you are real, then the application will be in a text Microsoft Word file		Regular d	lownload

	\$1.00/token	\$1.00/token	\$0.80/token	\$0.75/token

Make sure if you can you add a description that states what it is (Make it sound Legit)

On the next page I will give you an application template that you can use to upload to your PPD network.

Job Application For Head Of Photography

You can change the name

Position:

Good Hours For You:

What do you know about Photography?:

Why will you be a good choice for this company:

How many years have you been working with cameras:

Make a watermark in the back to make it look more official.

Then upload this

Affiliate Marketing

Here's also where you can use Affiliate Marketing to make money.

After you comment on their pictures saying something nice, say that you recently got a good factory direct deal on a nice camera, and that they should check it out if they're interested.

If they want it then they can click it. This doesn't work as well as the PPD one, but I have done it twice on ClickBank for a shoty camera company (\$28 each). You should play with how you phrase the nice intro and dropping the link, but as long as you stick to the order above and always give them the option, it should work.

The next method is a very easy one for ProBux

First off, download these programs

- 1: Mozilla Firefox
- 2: Greasemonkey
- 3: Probux Auto Click for Grease monkey.

Install all of those then restart Firefox. When this is done go back to probux.comand click view ads. You may notice that in the bottom right there is a little box. That box is viewing all the ads.

If it says Reloading they are no more ads available so it's reloading the script waiting for more ads to come in.

Now you have a little bit off money coming in, but that's not what you're getting your money from. You need to get referrals. Click on My Account then click "Referrals" Under "Useful links" Depending on your probux balance you can buy referrals, alternatively add some money using PayPal because you will earn that back soon enough.

After getting some referrals they will be earning money for you! Click back to View Ads and autopilot some more ads and just do your own thing on another browser such as Chrome or Internet Explorer (I advise using Chrome)

Keep buying more and more referrals and recycle those with allow click average. Keep buying more and more referrals

REMEMBER NOT TO WITHDRAW ANY MONEY

Once you have a nice \$70 in your account upgrade to gold to earn even more money and be able to have more referrals

Once you hit 1000 referrals it's basically autopilot. You can start withdrawing your money now.

Note: this will take some time to get started. Once it gets going you will make lots of money. You can also rent referrals to get more money (I highly recommend this.) \$20 PayPal will buy you 100 of these.

Well I hope you learned something from my eBook! Please PM me if you are confused with any part.
