Let's Begin. The first thing you will need for this PPD niche is a Facebook. I recommend not using your own

**Sign Up**  
It's free and always will be.

First Name:

Last Name:

Your Email:

Re-enter Email:

New Password:

I am:  Select Sex:

Birthday: Month:  Day:  Year:

Why do I need to provide my birthday?

By clicking Sign Up, you agree to our [Terms](#) and that you have read and understand our [Data Use Policy](#), including our [Cookie Use](#).

**Sign Up**

Create a [Page](#) for a celebrity, band or business.

Now obviously you need to have a PPD network such as ShareCash, File Flare, File Ice (ect.) This is completely your preference.

Now we will start the niche. What you want to do is find a big Group on Facebook. I found a big group called Buying and Selling Kicks New York. You can do this with any group or franchise, just make sure you won't get in trouble for headhunting (jobhunting).

Next make a post saying you are recruiting for a some sort of a company, and you are looking for “Highly Trained and Experienced staff”

Insert A Local Street Here

People might not take interest at first but just keep bumping it and eventually people will.

---

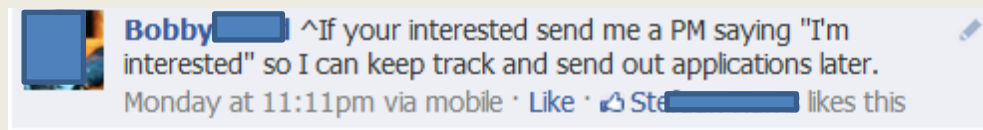

Soon Enough you should get people commenting. Make it sound even more appealing when this happens by stating salaries and benefits

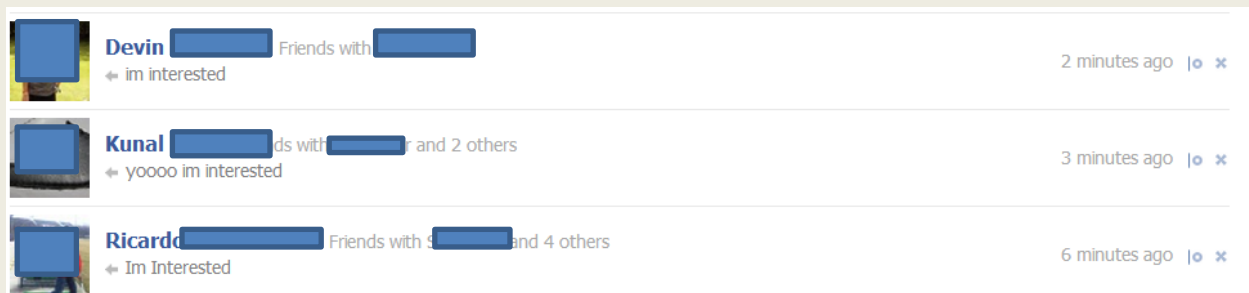

Say things like this to bump the post and get interest

Once your post picks up activity post this message.

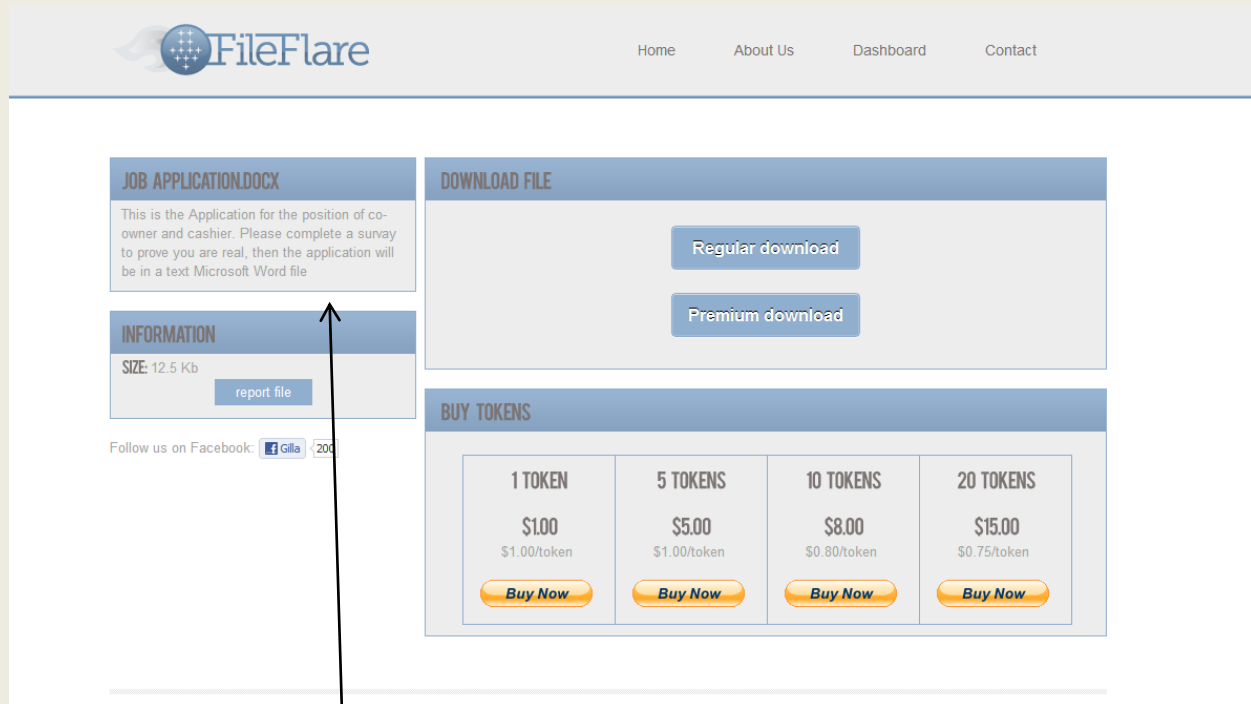

Also don't forget to keep bumping your Post

After you post this, wait about half a day or so. Your inbox should fill up with messages. Mine had 17 the first 24 hours

The next thing you want to do is upload some applications to a PPD network.

Make sure if you can you add a description that states what it is

On the next page I will give you an application template that you can use to upload.

## Job Application For *Shoe Repair Store*

Your Store Here

**Position:** Cashier

**Good Hours For You:**

Make up other positions and insert them here. Then save it again and upload it as a different document so that way if someone wants to apply for more than one position they have to download another file. This means more money for you

**What do you know about shoes:**

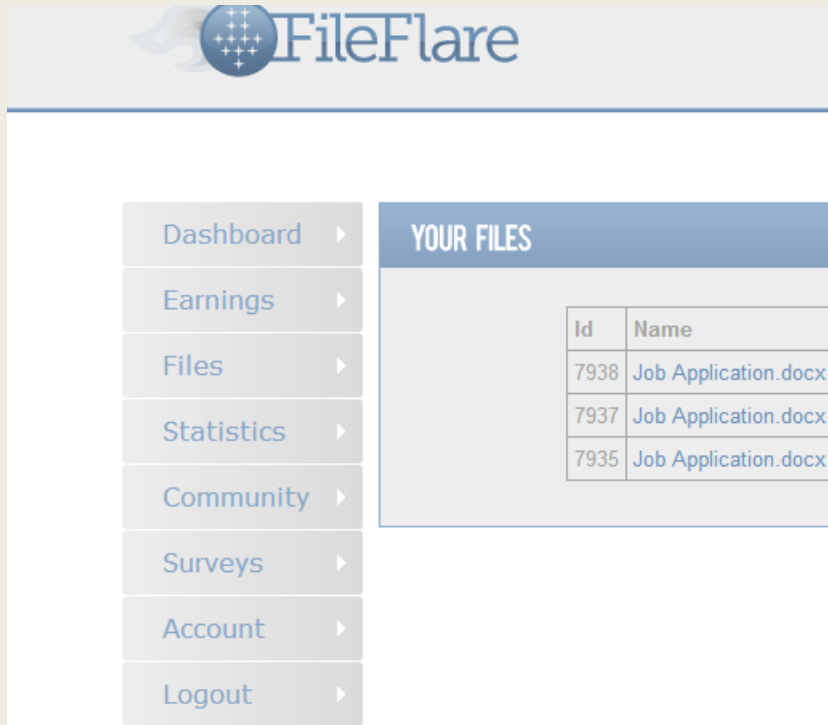

**Why will you be a good choice for the company:**

**What other jobs you have worked at:**

Make a watermark in the back to make it look more official.

Now as I stated above, change the position of the job 3 or 5 times and upload those individual Applications to your PPD network.

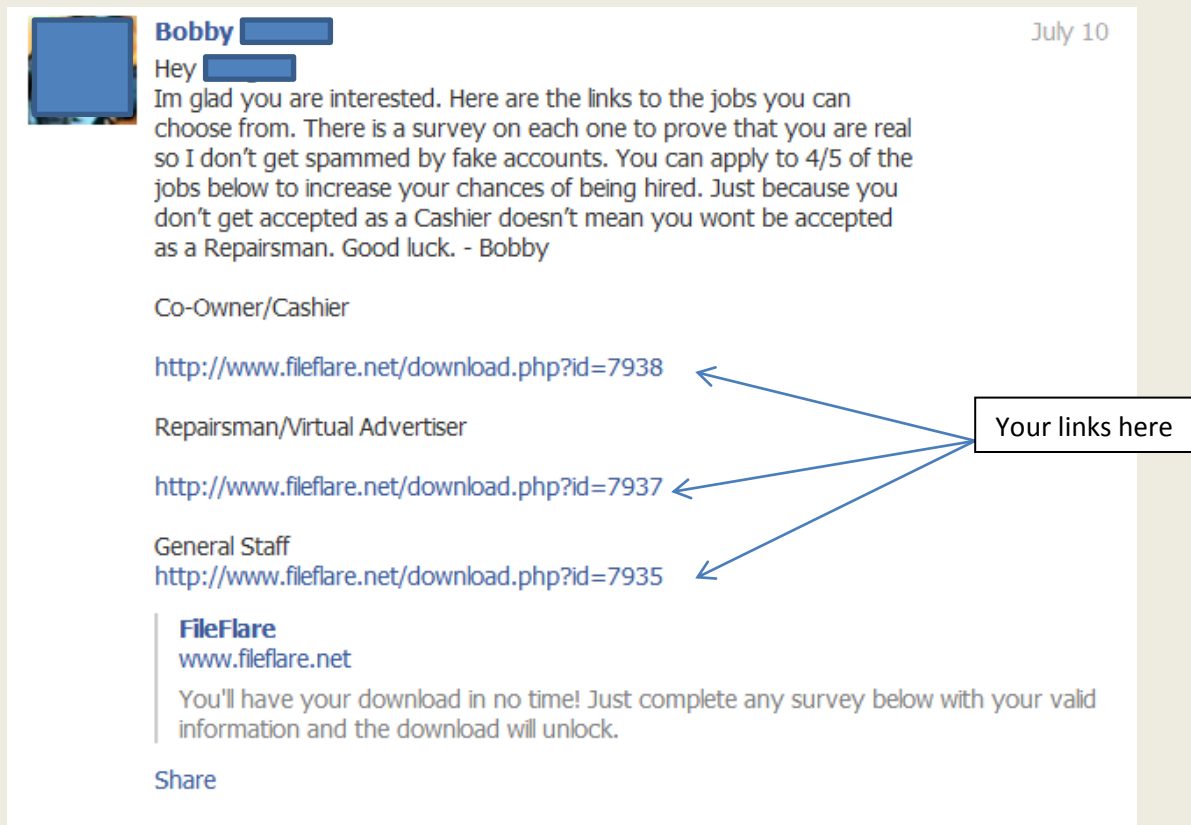

The screenshot shows the FileFlare dashboard. On the left is a sidebar menu with the following items: Dashboard, Earnings, Files, Statistics, Community, Surveys, Account, and Logout. The main content area is titled 'YOUR FILES' and contains a table with the following data:

Id	Name
7938	Job Application.docx
7937	Job Application.docx
7935	Job Application.docx

**Note:** The only thing different on all of these applications is the Position

Now respond to everyone's PM's on Facebook saying something like this

**Bobby** [redacted] July 10

Hey [redacted]

Im glad you are interested. Here are the links to the jobs you can choose from. There is a survey on each one to prove that you are real so I don't get spammed by fake accounts. You can apply to 4/5 of the jobs below to increase your chances of being hired. Just because you don't get accepted as a Cashier doesn't mean you won't be accepted as a Repairman. Good luck. - Bobby

Here is a text box with the same message in case you want to copy it.

Hey (insert name here),

Im glad you are interested. Here are the links to the jobs you can choose from. There is a survey on each one to prove that you are real so I don't get spammed by fake accounts. You can apply to 4/5 of the jobs below to increase your chances of being hired. Just because you don't get accepted as a Cashier doesn't mean you won't be accepted as a Repairman. **Note: You can make as many applications and positions as you want.**

Make sure you keep reminding the people you sent the message to at least once a day with messages like these. Send them out in bulk.

After a while you should start to see your leads and balance go up. Once you reach about \$50, find another Facebook group and rinse and repeat. You basically can't saturate this if you switch groups when interest drops.

I hope you have learned something from this E-Book and I would appreciate it if you let me know how you liked it.

If you are confused with any part in this E-Book please hit me up with a PM and I would be more than happy to help you.
