

## How to start up a premium shop!

Welcome everybody to my very first e-Book.

Within this e-Book you'll find yourself opening up your own premium shop.

With that being said, if you follow the whole e-Book, word by word, you'll be successful in doing so.

This will not be the flashiest e-Book you'll find.

However, you will find yourself making huge profit from this if marketed right.

All you need is a \$7.00 investment, which you will make back within the 30 day period at minimum.

## What type of accounts are we talking?

There's a wide variety of what type of accounts you get. You can even request a certain type of website and perhaps will find yourself getting the account credentials you're looking for. There's common premium accounts such as Netflix, Hulu, Spotify, Steam, File hosts, Porn, VPNs, and so much more.

# Let's stop wasting time, let's get to it!

As stated above, if you follow every instruction as written, you will be successful in getting premium accounts.

Step 1: You'd need to register to <http://crackingforum.com/>.

Step 2: Once registered and logged in, go near the top and click on Purchase VIP.

Step 3: Pick which payment method you'd like to use to purchase VIP.

I personally use PayPal. However, Bitcoins lasts a few days longer and is easier for the owner of the site.

Follow the instructions on whom to PM for the billing information.

[ Note: It does take 1 — 3 days for VIP to activate depending on the payment method. ]

Step 4: Once your VIP has been activated there are many things you can now do to get the premium accounts you so desire.

I will link the places I go to receive my accounts.

It is that easy! I recommend you making a .txt file and keep record of all premium accounts you receive. Once you have a hefty stock of accounts I'd recommend opening up your shop.

## How the Support/Refund works.

Most e-Books now of days claims they'll give support and a refund option for the priciest package, but never really follows through.

However, this e-Book is extremely different!

We respect and appreciate our customers and will supply free skype support.

We're so confident that you'll get your premium account(s), we offer a free refund option!

If you haven't gotten a single premium account(s) with our Skype support within 14 days we will 100% refund your payment with no hassle.

Add the following Skype for the support:
