

# ROCKET REVENUE

Make money blazing fast with no questions asked

## Introduction

Welcome to Rocket Revenue where your dreams can become reality, literally.

Methods in Rocket Revenue are rather known, but a lot of *amazing twists* has been put so there is no way methods can be saturated. People are often searching for methods they have never seen before, but they don't understand it's wrong because most of the monetizing methods have been discovered and the ones that can make you money are most likely the ones you have seen before.

Fear not, I'm not here to sell you a public shitty method that won't earn you cents, I'm here to help you achieve online success like I did.

You'll be surprised how easy it is to make money online so just keep reading, future internet marketer, because you're only one step closer to being financially independent.

Please do not skip next 2 pages because they are very important.

## Before we start, read this:

There are a couple of things I want to touch on. My refund policy, I feel, is very clear. Simply put, use the system for 60 days, and if you don't make any money with it, I will refund your purchase price.

So, to add a little more clarification, the refund policy does not apply to the following:

- Buyer's remorse
- Tire kickers
- Or any skeptical response.

I honor this refund policy once the following criteria's are met, meaning:

- 60 days have passed
- The method has been used
- And no money has been made using the system.

When requesting a refund, please confirm that you have met the above criteria. If you have, then please contact me over skype.

It is also my policy that any disputes filed with PayPal are immediately escalated to a claim. The reason for this is pretty simple, I am in business to help you, but I also have to take a position to protect myself. Because my products are a digital download and an off-ebay product, they are not covered under buyer or seller protection. Once escalated to a claim, PayPal closes the case in favor of the seller within minutes.

Disputes that have been escalated to a claim have an adverse effect on everyone involved. ***I have been forced to adopt this policy for one reason – to prevent fraudulent refunds from occurring.***

Please contact me if you have any issue. We are here to help. Pretty, straightforward. In the mean time, I promise you that in the next 90 days, if you follow the method outlined in this e-book, you will make so much money it will blow your mind! So enjoy the Rocket Revenue and as I said before, if you have any questions or need help to get started then e-mail me or send me a message. I am here to help.

Warmest Regards,

## Method #1 – G2A Goldmine

In this method, we will basically buy softwares for very cheap and sell them for very high. This might sound like something hard to pull off, but I promise that with my help you will be racking in cash before you know it.

It would be best if you simply follow my steps below to make sure you do nothing wrong.

Norton 360 is a perfect profit example, notice how price is \$0.99, let's check it on eBay

Perfect! If we buy it for \$1 and sell for \$35 it's gonna be \$34 profit. How cool is that?

## Step #1.2 – Selling on Craigslist

If you don't know how to create a Craigslist account [click here](#).

The screenshot shows the Craigslist interface for the 'las vegas' area. On the left, the 'craigslist' logo is at the top, followed by a red circle around the 'post to classifieds' link. Below it are links for 'my account', 'search craigslist', and 'event calendar'. The main header area displays 'las vegas' with a 'w' icon. Below this, there are three columns of category links: 'community' (activities, artists, childcare, classes, events, general, local news, lost+found, musicians, pets, politics, rideshare), 'housing' (apts / housing, housing swap, housing wanted, office / commercial, parking / storage, real estate for sale), and 'jobs' (accounting+finance, admin / office, arch / engineering, art / media / design, biotech / science, business / mgmt). On the right, there is a language dropdown set to 'english' and a 'nearby cl' section listing cities like bakersfield, elko, flagstaff, fresno, gold country, hanford, imperial co, and inland empire.

Basically we will be selling guides for iPhone or any other phones. You're probably being skeptical right now, but I made sure there will be no chargebacks or refunds, ONLY if you keep following my eBook.

Follow my steps and become rich.

Also make sure category is Manuals & Guides, not Cell phones & Smartphones

After someone buy it (and they will, very quickly) just search eBay for iPhone guides.

Buy it and ship to buyer's address.

Don't forget to ask your seller to provide you with carrier and tracking number so you get your funds quickly.

As I said, these methods may not be most original ones, but they will make you so much money you won't be able to handle it. :P
